

ABA eLEARNING SELF PACED ONLINE COURSES

ABA's self-paced online course library of cost-effective banking, business, and trust courses deliver concepts that can be immediately applied on the job. ABA elearning provides enhanced support with tools like our unique, role-based training roadmaps that guide users through a proven training path; blended learning extensions that enable immediate facilitated practice and application of learning in a classroom environment; and world-class implementation support that ensures the success of your training program. Enroll for individual courses, sets of courses offered as certificates, or contact us for contract pricing (bank-wide license). Please be advised that there is a **\$10.00 - \$12.00** individual registration fee for all elearning classes.

CFT WEBINAR SCHEDULE

A webinar combines the clarity of an audio teleconference with the interactivity and visual presentation of the internet. All you need to participate is a telephone and an internet connection. **You can still participate in the program, even if you do not have an Internet connection.** Listening to the program over the telephone and following the written materials is JUST AS effective!

WEBINARS ARE COST-EFFECTIVE AND CONVENIENT!

No beating rush-hour traffic, no parking problems in fact, no travel time and expense at all! Just connect from your office, home or anywhere there is a touch-tone phone and/or an internet connection. Invite other listeners to your office to participate at no additional cost. You pay by the location, not by the person. With a speakerphone and/or a screen projector, you can train an entire group at once and for the same cost as training just one person.

WEBINARS ARE FAST-PACED AND INTERACTIVE!

You can ask questions, participate in live surveys and see the slides as the seminar leader presents the material.

CAN'T ATTEND AT THE SCHEDULED TIME?

No problem! Just purchase the program for future use. You will receive a recorded CD, written materials and website address. Plus, you can use these materials as many times and in as many departments or branches as you wish! (Call CFT for individual webinar flyers at (305) 237-3051.)

Attention Training Directors! Create your own learning library with CFT webinars multiple-purchase options.

CFT webinars cover just about any topic you need for group training, so next time you start to create your own training session from scratch, consider CFT webinars. You can use a webinar as the foundation of your own customized program...or, you can skip making your own program and just use the webinar instead

Why waste valuable time and energy when CFT webinars do the training program for you? Plus, if you purchase the pre-recorded webinar, you can train new employees individually as they are hired instead of waiting for group training.

Fees:	
\$265	Live Session Only – Attend the live session with the opportunity to ask questions of the presenter. You can also receive handouts. (One location; \$150 for each additional location) Free - Includes 7 day OnDemand access
\$295	6 Month "OnDemand Weblink" which includes a weblink for unlimited viewing for 6-months after the date of the webinar as well as a link to handouts. Does not include live session.
\$325	CD-ROM and Hardcopy Handouts – CD-ROM plus Hardcopy Handouts. Does not include live session.
\$365	Live Plus OnDemand Weblinks – Attend the live event plus receive unlimited, online playback for the next 6 months. In addition to the live program, you receive a web address for online viewing after the live event.
\$395	Premier Package – Includes all three options above. Live Session, OnDemand, Weblink, and CD-ROM plus Hardcopy Handouts.

CFT 2012 Webinar Pricing Options
