ONLINE CERTIFICATE PROGRAMS BY JOB ROLE

CFT/ABA certificate programs build the skills necessary for career advancement. Through a prescribed course of study, certificates provide practical, tailored knowledge specific to a job role in the financial services industry. Programs are continually reevaluated and refined to meet current needs and changes in the industry. Each certificate can be purchased individually as a self-paced online curriculum or can be licensed for a group of employees.

INSTRUCTOR-LED ONLINE CLASSES

Save Time and Money with Online Courses

CFT/ABA courses are now more convenient than ever before. All you need is a computer with internet connection and an active e-mail account. That means employees don't have to leave the office or even home to get training, which saves time and travel costs.

Instructor-Led Classes

Students enrolled in CFT online classes enjoy the flexibility of not being required to be online at a specific day or time and the convenience of having an instructor with subject matter expertise only an e-mail away. Programs are taught by experienced and knowledgeable training specialists. Choose from a variety of courses that can boost your career and the quality of your financial services. Instructor-led courses are offered in 5 through 16 weeks formats.

Make a Smart Investment

It's easy to see what a big difference these courses can make to your bank and your bottom line. Yet despite their value, they cost very little.

Textbook/Learning Materials

The textbook cost for 10, 15 and 16-week courses is included in the tuition. The 5-week course learning materials are available online. A fee of **\$27.00** will be added to the invoice for shipping and handling of textbooks. Please be advised that there is a **\$14.00** individual registration fee for all classes.

How Online Courses Work

The course will be facilitated by an instructor who will guide you through each lesson and is available to answer questions and provide feedback on your assignments.

Each week you will receive an assignment over the Internet. The assignment will include:

- Reading a chapter in your textbook (mailed to you prior to the start of your course) or from your online course material.
- Completing a short assignment and either forwarding the assignment electronically to your instructor or posting it on the electronic class Discussion Board.
- Taking a self-check test.

In addition, you will also have assignments where you will collaborate with other students using electronic discussion boards and e-mail.

Examinations

Quizzes and exams are administered electronically and are submitted to the instructor for grading. CFT believes strongly in making every student's online technical experience as easy as possible. We support students by having our own technical team available to students 24 hours a day! The industry standard for online course completion is less than 50%, but thanks to the dedication of CFT students and instructors, better than 95% of CFT students successfully complete their online course. CFT is confident that you will too! The semester length courses (10, 15 and 16-weeks) have a mid-term examination and a final examination. The 5-week seminars have a final examination only.

Proctored Examination Required

You will need to identify a person from your institution to proctor your exams Monday – Friday,

between 9 a.m. and 5 p.m. Eastern US time, including a Human Resources training manager, supervisor, or someone from the management team of your organization. **Make sure to arrange your proctor well in advance of your exam date.**

If you do not work with an institution, you will need to contact CFT to request they proctor your exam. You will be asked to provide the telephone number of your proctor in case we need to reach that person for verification. A relative or friend cannot proctor an exam. All parties must abide by the policy. **There are no exceptions.**

Withdrawal Policy

A student who must withdraw from a CFT instructor-led on-line course must submit a written cancellation. Students who withdraw 7 days or more before the start date of the class are not subject to a withdrawal fee. Students who withdraw between 6 days before the class begins and 11 days from the start date will be responsible for a withdrawal fee of **\$150.00** plus book cost (if applicable) unless the book is returned in new condition within 7 days. A student who withdraws after 11 days from the start date will be responsible for the full class tuition.

ASSISTED SELF-STUDY & *TESTING OUT

Assisted Self-Study: With assisted self-study, the student is expected to study on his/her own, yet he/she can contact an assigned instructor with any questions. Upon registering for a class, the student will receive a textbook, guidelines, and course assignments by chapter. The exams (usually a mid-term and a final) will be proctored by the student's supervisor or manager (or similar position) at his/her branch, department or other location convenient to both student and supervisor or manager. A CFT instructor, with expertise in the student's chosen course, will provide personal attention to the student whenever he/she requests it. The student will have phone and fax numbers, as well as an e-mail address when available, to communicate with his/her instructor. Upon completion of the class the student will receive a grade report. The grade will be based on all written work submitted for the course (exercises, quizzes, mid-term, final). A student may register for a self-study class at any time throughout the year. The registration form can be copied for multiple enrollments. The form must be completed in full, including the signatures of the student and a supervisor or manager who can approve the cost of the course.

A **\$150** drop fee applies for self-study courses. If a book has been sent, a textbook fee will also be charged. Any withdrawals received later than 7 days after materials have been mailed will be charged full tuition. Students can request an extension for a fee of \$100.
